2 The estimate has been scrutinised

3 It is not desirable to waive the tools and plant charges completely The donor has promised to pay a sum of P 4,185/- towards the construction of the building vide G O No L 4513-6 M1 171-33-5 dated 2-1-35 That amount is inclusive of the sum of Rs 1,125/- representing the establishment and tools and plant charges in the sanctioned estimate The Donor has now agreed to put up cut stone pillars at his own cost if the establishment and tools and plant charges are waived

4 As the increased cost on account of the cut stone pillars is Rs 500 only, the provision under establishment and tools and plant may be reduced to that amount, so that the amount payable by the donor may remain as before

7 The ~~Revised~~ Revised estimate will then reduce itself to Rs 7,837/- and the provision for establishment and Tools and plant will be Rs 625

Subject Construction of a Town Hall at Koppa

Adverting to C O I C L 4513-6/31 171-33-5 dated 20th December 34/ 2nd January 35 according sanction to the revised estimate amounting to Rs 7685/- for the construction of " Siddegowda Memorial Hall' at Koppa I have the honour to forward herewith a revised estimate for 8450/- received from the Executive Engineer, Kadur Division, with his letter No 474 dated 8th June 35(copy enclosed) making provision for certain improvements as noted in the margin to the building which were considered necessary during the course of the execution of the work The above modifications have resulted in a net increase of Rs 76

1 Putting up cut stone pillars instead of brick masonry pillars
2 Extending the accommodation of the Hall by substituting temporary wooden partition for a masonry cross wall

over the sanctioned estimate of Rs 7685/- The President, Municipal Council, Koppa, who was requested to report in the matter, has stated that Mr Dyavegowda has agreed to carry out the work according to the revised estimate, but desires that the establishment tools and plant charges be waived. These charges are included in the estimate and unless waived would, in the usual course, be deducted from the grant of Rs 3500/- proposed to be given to Mr Dyavegowda The work was however undertaken by Mr Dyavegowda on the understanding that the contribution

contribution would be received in full If the deduction of the tools and plant charges is insisted on, Mr Gavegowda would be put to much loss as what he undertook was the construction of the building according to the original estimate of Rs 5500/- and this has since become 7685/- and now again R 8450/-

2 In the circumstances I request that sanction may kindly be accorded, as recommended by the President, Municipal Council, and the Executive Engineer to the revised estimate of Rs 8450/- the establishment, tools and plants charges amounting to Rs 1238/- being waived as a special case Pending orders of Government the work has been allowed to go on according to the revised estimate

3 The files of correspondence received with Executive Engineer's letter referred to above and Municipal President's report No 218/34-35 dated 7th June 35 are herein enclosed for reference and return
